G115. The next questions I will be asking are designed to give estimates of the wealth of families in the United States and how this has changed in the last five years. Do you (or your family living there) have any real estate other than your main home, such as a second home, land, rental real estate, or money owed to you on a land contract?

G116. If you sold all that and paid off any debts on it, how much would you realize on it?

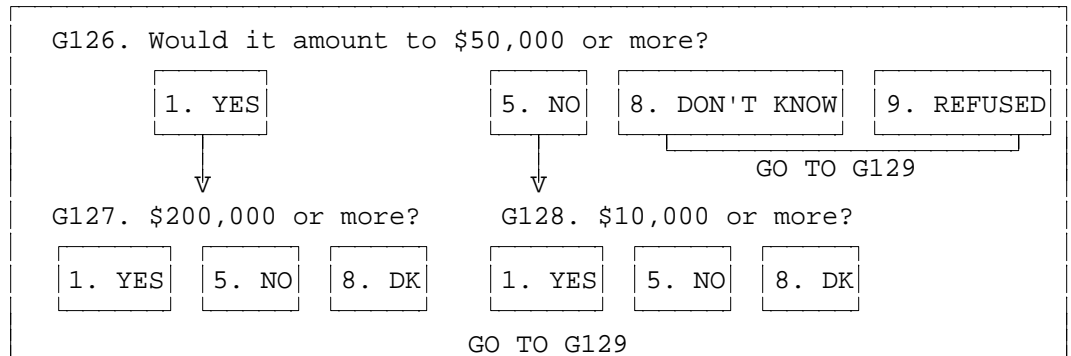

G120. What about the value of what you (or anyone in your family living there) own on wheels, like cars, trucks, a motor home, a trailer, or a boat--what are they worth all together, minus anything you still owe on them?

G124. Do you (or anyone in your family living there) own part or all of a farm or business?

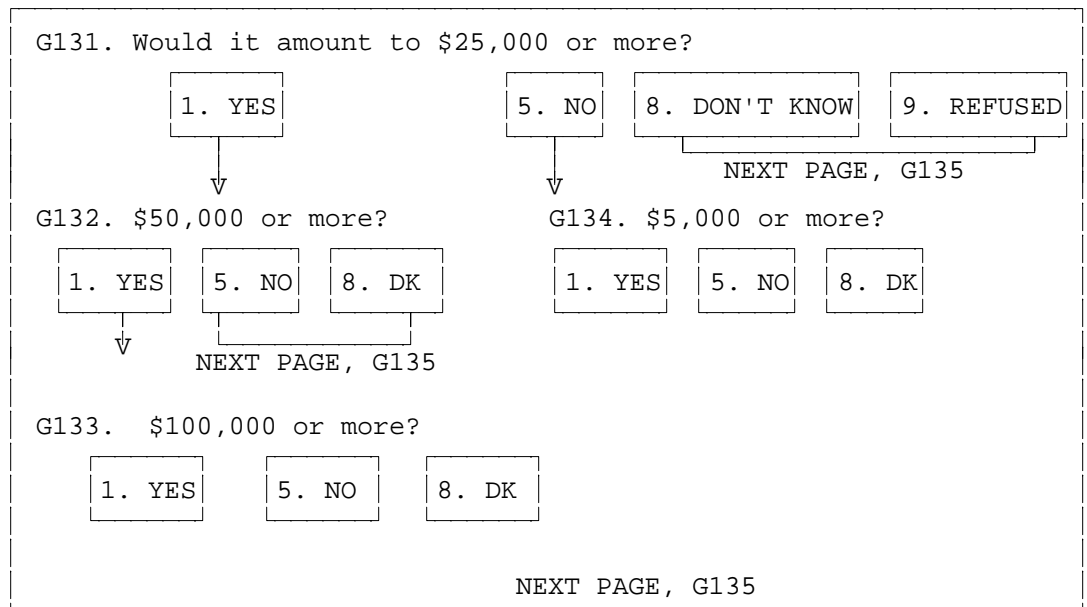

G125. If you sold all that and paid off any debts on it, how much would you realize on it?

G129. Do you (or anyone in your family living there) have any shares of stock in publicly held corporations, mutual funds, or investment trusts, including stocks in IRA's?

G136. If you added up all such accounts (for all of your family living there), about how much would they amount to right now?
